## REPAIR & RENEW BIOACTIVE OIL LUXURY NIGHT OIL

### Description

A luxurious night oil with a powerful combination of seven natural, organic oils enriched with vitamin E to repair, renew and revive your skin while you sleep. This natural skin-rejuvenating formula blends the finest, natural, skin-loving oils to create a unique, multi-functional, high performance super oil.

Provides skin-regenerating properties, to improve dry or damaged skin, and natural anti-aging benefits, rejuvenating tired skin and reducing the appearance of lines and wrinkles. Anti-inflammatory and anti-bacterial properties make this a great 'wrinkle reducer' minimising the effects of aging.

Enriched with vitamin E that helps improve the appearance of blemishes and scars, rehydrating aging and sun damaged skin. Smells divine and can also be used to reduce the appearance of stretch marks, and to help promote the movement of cellulite.

### Directions

**Rejuvenating Night Oil** - massage into your face each evening or add a few drops to your fragrance-free moisturiser. Natural aromas helps you to gently relax, so you wake refreshed, and revived.

**Daily Moisturiser and skin tone improver** - Use twice daily after cleansing. Apply sunscreen before exposure to the sun.

**Scars** - Apply twice daily. Younger scars have a better chance of healing - do not use on broken skin

**Stretchmarks and cellulite** - Use twice daily over a three-month period. Pregnancy stretch marks, rub the breasts, abdomen, thighs, hips and buttocks with BioActive Oil twice daily from the first trimester of pregnancy.

*Avoid contact with the eyes. In case of contact, rinse well with warm water.*
